

VIVIAN Tom

Student at SupMicroTech-ENSMM

Engineering student seeking a 20-24 weeks internship starting September 2026, motivated to apply technical skills in a professional environment and gain hands-on industrial experience.

Education

SupMicroTech - ENSMM

2025–Present

French Graduate School of Engineering specialized in Mechanics

Preparatory Classes for Engineering Schools (CPGE)

2023–2025

Intensive undergraduate program in mathematics and physics, preparing for highly competitive national engineering school entrance exams.

Baccalauréat - High School Diploma

2023

- Graduated with Honors
- Specialization: Mathematics, Physics, Computer Science
- Advanced Mathematics option
- European Section - English

Professional Experience

Press Operator (Night Shift)

July 2025

Plastigray - Plastic Injection Manufacturing Plant, France

- Operated and monitored injection molding press machines
- Gained hands-on experience in industrial production, quality control and safety procedures
- Worked in coordination with maintenance, logistics and production teams.

Projects

Mu Racing Team - Motorsport association

2025–2026

- Designed a centralized workspace to streamline documentation and cross-department collaboration.
- Secured industrial sponsorship for free manufacturing the chassis (laser cutting & bending)
- Developed a dedicated responsive website (HTML/CSS/JS) to enhance team visibility

Satellite Reaction Wheels and Magnetic Torquer Study

2024–2025

- Analyzed angular momentum conservation and electromagnetism to simulate nanosatellite attitude control via magnetorquers.
- Developed a Python-based algorithm to compute desaturation torques

Certifications

Workplace First Aid & Safety Training (SST - France)

2026

Trained in emergency response, injury prevention and workplace safety procedures

Skills

+ Hard Skills:

Python - Advanced

Matlab - Intermediate

Html, Css, Javascript - Basic

Créo, Solidworks - Intermediate

Physical Modeling

Mathematical Modeling

+ Soft Skills:

Teamwork

Time management

Problem-solving

Adaptability

Curious

Languages

French - Native

English - Fluent (B2/C1)
